Data Assessment Specialist – Biostatistician

At the core of the Lake County Health Department and Community Health Center’s mission is improving the quality of life of Lake County residents. The Data Assessment Specialist is a key role in a newly developed program whose purpose is to analyze health data and make recommendations to positively affect the health of our county.

This position will collaborate with community partners and internal departments who have collected data or have data needs. Competency and understanding of statistics and the ability to communicate that information in an easy to understand way are essential for this position.

The Lake County Health Department and Community Health Center is a nationally recognized (Top 6% Health Department based on Population Served, Services Offered, and Financing) provider of services to the underserved members of our community. We offer competitive compensation, outstanding benefits and a rewarding work environment helping those in need. We promise to work with the strictest of confidentiality throughout our interviewing process.

Requirements:
Bachelor’s degree in public health, public policy, behavioral, environmental or social sciences, nursing or related field required.

At least two years of experience in community/population health assessment or health improvement planning. Proficiency with software products (i.e., Microsoft Office Suite (Word, Excel, Publisher, PowerPoint, Visio and Access), ArcGIS version 9 or 10 and at least one of the following statistical programs: SPSS, SYSTAT, SAS, PASW Modeler 14.

Salary $60,429/Annual

The Lake County Health Department and Community Health Center is an equal opportunity employer that values diversity in the workplace. We encourage all qualified candidates to apply regardless of age, race, color, religion, sex, marital status, national origin, sexual orientation or disability.

In order to comply with Title VI of the Civil Rights Act, federally funded agencies are required to provide language assistance services, such as interpreters and translated documents. Recruitment of bilingual candidates may be necessary for some positions.

All candidates are subject to a pre-employment physical and criminal background check. Every effort will be made to recruit qualified applicants willing to accept the entry-level salary. All candidates will be expected to complete an employment application prior to an interview. A Health Department application can be obtained at 3010 Grand Avenue, Waukegan or at http://www.lakecountyil.gov/HR/careercenter/CurrentJobs.htm.
