The FE Proposal is a 3 to 5 page discussion of the proposed experience. This discussion should include:

1) What public health topic or questions will be probed/explored? What is the relevance to public health?
2) Background: Share information regarding the organization (history, population(s) served), geographic area, etc) and/or topic to be addressed.
3) Methods used: How will these topics be explored/queried?
4) Specific role of student: What will you (the student) actually be doing?

Please copy/paste your proposal below:
